

Author's checklist

Clinical Research

General instructions

1. Please note that it is unethical to submit the same manuscript to two different journals simultaneously. The paper should not have been submitted to the Anesthesia and Pain Medicine either.
2. The Anesthesia and Pain Medicine holds the copyright of published manuscripts.
3. The pages should be numbered, starting with the first page.
4. Manuscripts should be written in 10 point or larger, double-spaced, with a wide margin.
5. Should be a brief running title.

Abstract

6. The abstract should be in structured format (Background; Methods; Results; and Conclusions)
7. Should include at least six and no more than ten keywords.
8. Should be fewer than 250 words.

Contents: (Introduction-Discussion)

9. Background (referenced), objective. The introduction should give a concise account of the background and purpose of the investigation.
10. In a clinical study, written informed consent from the patients should be obtained and a statement concerning IRB approval and informed consent procedures must appear in the methods section of paper.
11. Figures and photographs should be submitted as jpg, gif or tif files, separately from the text of the paper.
12. Legend of figure should be described on a separate page following references in sentences of present tense.
13. Tables should be included in the text.
14. Follow the instructions for citing references.
15. Conclusion or summary should be the last section.

References

16. Follow the reference format.
17. Number references (as brackets; []) in the sequence they appear in the text.
18. If you cite accepted manuscripts "In Press" as references,

please provide one electronic copy.

Others

19. Raw data should be presented if the committee requests.
20. Please obtain permission from the copyright holder when citing a graph, figure or table from a different journal or book.
21. The names or affiliations of the authors should be concealed in the manuscript and figures.

Experimental Research

General instructions

1. Please note that it is unethical to submit the same manuscript to two different journals simultaneously. The paper should not have been submitted to the Anesthesia and Pain Medicine either.
2. The Anesthesia and Pain Medicine holds the copyright of published manuscripts.
3. The pages should be numbered, starting with the first page.
4. Manuscripts should be written in 10 point or larger, double-spaced, with a wide margin.
5. Should be a brief running title.

Abstract

6. The abstract should be in structured format (Background; Methods; Results; and Conclusions)
7. Should only include less than 6 keywords.
8. Should be fewer than 250 words.

Contents: (Introduction-Discussion)

9. Background (referenced), objective. The introduction should give a concise account of the background and purpose of the investigation.
10. Figures and photographs should be submitted as jpg, gif or tif files, separately from the text of the paper.
11. Legend of figure should be described on a separate page following references in sentences of present tense.
12. Tables should be included in the text.
13. Follow the instructions for citing references.
14. Conclusion or summary should be the last section.

References

15. Follow the reference format.
16. Number references (as brackets; []) in the sequence they appear in the text.
17. If you cite accepted manuscripts “In Press” as references, please provide one electronic copy.

Others

18. Raw data should be presented if the committee requests.
19. Please obtain permission from the copyright holder when citing a graph, figure or table from a different journal or book.
20. The names or affiliations of the authors should be concealed in the manuscript and figures.

Case Report

General instructions

1. Please note that it is unethical to submit the same manuscript to two different journals simultaneously. The paper should not have been submitted to the Anesthesia and Pain Medicine either.
2. The Anesthesia and Pain Medicine holds the copyright of published manuscripts.
3. The pages should be numbered, starting with the first page.
4. Manuscripts should be written in 10 point or larger, double-spaced, with a wide margin.
5. Should be a brief running title.

Title of the manuscript

6. The diagnosis or intervention of primary focus followed by the words “ case report”
7. Only the first letter of the first word should be capitalized

Abstract

8. Should not include references
9. Should only include less than 5 keywords (at least 2).
10. Should be fewer than 150 words.

Contents: (Background-Case-Conclusion)

Introduction & Case report & Discussion

11. Introduction should not be separately divided. Briefly describe the case and background without a title
12. Figures and photographs should be submitted as jpg, gif or tif files, separately from the text of the paper.
13. Legend of figure should be described on a separate page following references in sentences of present tense.
14. Tables should be included in the text.
15. Follow the instructions for citing references.
16. Discussion should be the last section.

References

17. Follow the reference format.
18. Number references (as brackets; []) in the sequence they appear in the text.
19. If you cite accepted manuscripts “In Press” as references, please provide one electronic copy.

Others

20. Case reports of humans must state in the text that informed consent to publication was obtained from the patient or guardian. (must be submitted if requested.)
21. Please obtain permission from the copyright holder when citing a graph, figure or table from a different journal or book.
22. The names or affiliations of the authors should be concealed in the manuscript and figures.

Review

General instructions

1. Please note that it is unethical to submit the same manuscript to two different journals simultaneously. The paper should not have been submitted to the Anesthesia and Pain Medicine either.
2. The Anesthesia and Pain Medicine holds the copyright of published manuscripts.
3. The pages should be numbered, starting with the first page.
4. Manuscripts should be written in 10 point or larger, double-spaced, with a wide margin.
5. Should be a brief running title.

Content

6. Figures and photographs should be submitted as jpg, gif or tif files, separately from the text of the paper.
7. Legend of figure should be described on a separate page following references in sentences of present tense.
8. Tables should be included in the text.

References

9. Follow the reference format.
10. Number references (as brackets; []) in the sequence they appear in the text.
11. If you cite accepted manuscripts “In Press” as references, please provide one electronic copy.

Others

12. Please obtain permission from the copyright holder when citing a graph, figure or table from a different journal or book.
13. The names or affiliations of the authors should be concealed in the manuscript and figures.

Letter to the Editor

General instructions

1. The body text should be written in English.
2. Please note that it is unethical to submit the same manuscript to two different journals simultaneously. The paper should not have been submitted to the Anesthesia and Pain Medicine either.
3. Please fill in the manuscript number that was originally assigned to your submission.
4. The Anesthesia and Pain Medicine holds the copyright of

published manuscripts.

5. The pages should be numbered.
6. Manuscripts should be written in 10 point or larger, double-spaced, with a wide margin.
7. Manuscript should address a single topic chosen only among original articles or case reports under review by editorial board of APM.
8. A maximum of five authors is allowable.
9. Please specify the word count of the body text, and make sure the letter is fewer than 1,000 words.

Content

10. A figure or a table may be used.
11. Figures and photographs should be submitted as jpg, gif or tif files, separately from the text of the paper.
12. Legend of figure should be described on a separate page following references in sentences of present tense.
13. Tables should be included in the text.

References

14. Follow the reference format.
15. Number references (as brackets; []) in the sequence they appear in the text.
16. If you cite accepted manuscripts “In Press” as references, please provide one electronic copy.
17. The references should not be more than 5 references.

Others

18. Please obtain permission from the copyright holder when citing a graph, figure or table from a different journal or book.
19. The names or affiliations of the authors should be concealed in the manuscript and figures.
